

HOME & PET SITTING SERVICE OF THE YEAR

Homesitters Limited

Homesitters was established in 1980 to offer a pioneering solution for those concerned about leaving their home vulnerable to burglary or damage. Also providing an alternative to catteries and kennels for pet owners, the home-sitting service has become an indispensable part of leaving their home empty for hundreds of clients over the years, many of whom have been using Homesitters since its inception more than four decades ago. Using their services not only ensures company and constant engagement with pets, it can also simplify the pre-holiday workload considerably – making arrangements for multiple pets as straightforward as one call. Homesitters is fully insured, holding employer’s liability, public liability and professional indemnity cover.

The judges were particularly impressed by the high quality of employees working to ensure your home is well looked after while you’re away. Clients can rest assured that all Homesitters staff are meticulously vetted and DBS checked – an essential aspect of the business plan to ensure all clients can be confident they’re putting their home in safe hands. Leaving possessions and pets in the hands of a stranger can feel like a daunting prospect, but with their years of experience, 24/7 back-up resources and the ability to replace staff quickly should they need to leave unexpectedly, your home has never been safer.
